SUMMARY

BSc CSIT student with hands-on experience building web interfaces and small applications using JavaScript, React, HTML, CSS, and Tailwind CSS. Have built a React-based task management application, a JavaScript Todo application, and a personal portfolio website. Interested in frontend development and looking for an internship opportunity to strengthen React skills, work on real-world projects, and learn through practical experience.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Responsive Web Design

Tools: Git, GitHub, VS Code, Vite

Concepts: Components, Props, State, Event Handling, DOM Manipulation

PROJECTS

React Task Management App

- Built a task management application using React and JavaScript.
- Implemented task creation, update, view, copy and deletion features.
- Used React components and state to manage and display tasks.
- Used Git and GitHub for version control.

Personal Portfolio Website

- Developed a personal portfolio website using React.
- Created sections for projects, technical skills, education, and contact information.
- Designed responsive layouts with a focus on clean and simple user experience.
- Deployed the portfolio website online to showcase personal projects and skills.

JavaScript Todo Application

- Built a Todo application using JavaScript, HTML, and CSS.
- Implemented adding, completing, and deleting tasks.
- Used JavaScript to handle user interactions and dynamically update the interface.
- Practiced DOM manipulation and basic application logic.

EDUCATION

Swastik College, Bhaktapur

2023–2027

Bachelor of Science in Computer Science and Information Technology (BSc CSIT)

ACHIEVEMENTS

- Received the Tribhuvan University Scholarship for excellent performance in the BSc CSIT entrance examination.

ADDITIONAL STRENGTHS

- Willingness to learn and improve through practical work
- Problem-solving and debugging
- Team collaboration
- Adaptability to new technologies
